9th Annual
Scholar-Athlete, Coach and Community Recognition Banquet

Wednesday May 27, 2020
Welcome to our 9th Annual Scholar-Athlete, Coach and Community Recognition Banquet

Dr. Susan Enfield, Superintendent

Welcome to the ninth Annual Highline Public Schools Scholar-Athlete, Coach and Community Recognition Banquet. While we are not able to come together as we normally would, we are extremely proud of all that our student athletes have accomplished on and off the field—and they deserve to be celebrated more than ever before. We believe athletics provide a place for students to gain valuable leadership and teamwork skills that will help them as they continue their education and pursue their dreams. Much of the success our student athletes achieve is in large part due to the support and mentorship from coaches, community members and family. The tireless work and dedication of these individuals creates a lasting effect on the young people they serve. I want to personally thank everyone who has made tonight possible and offer my congratulations to every individual we are honoring tonight. You make us #HighlineProud!

Dr. Philip Willenbrock, Director of Athletics

Special thank you to all who contributed financially to our scholarship fund. This event would not take place without your participation. A sincere congratulations to all of the individuals and groups earning recognition during the 2020 scholar-athlete, coach and community contributor celebration. Education based athletics teaches many life skills that add to a “life tool box” providing a significant advantage and ability to approach challenges. One of these skills includes familiarity with adaptive leadership, that allows us to find opportunities, solutions and attack challenges with enthusiasm and a belief that there is always an avenue to perform to one’s fullest potential. Coaches adjust strategies, athletes adjust techniques and in this case we all work together to continue a tradition if celebration in Highline! Education based athletics cannot meet its objective without the hard work of students, teachers, coaches, families, athletic administrators, community partners and multiple others. Through this event, we celebrate and recognize the significant accomplishments and contributions of our students, coaches and members of the greater Highline community who set a standard of leadership and service for others to follow. To all of our 2020 honorees tonight, thank you for enrolling in, and being an active participant in our class; education-based athletics.

Anne Baunach

Executive Director Highline Schools Foundation

The Highline Schools Foundation is excited to be a partner in the ninth Annual Scholar-Athlete, Coach, and Community Relations Banquet. The Foundation was started in 1999 by parents and community members to help raise critical funds for students, teachers, and staff in Highline Public Schools. Athletics is one of the areas of focus for the Foundation as we believe that every student, regardless of their ability to pay participation fees, should be able to play their desired sport for their school. We help the district by raising the support to cover the fees that these athletes need. We also believe in the power of education and so appreciate being able to help these students as they look beyond high school to college. We wish the best to all the scholar-athletes being recognized this evening.
