Scholarship Recipient

Ashley Huynh

Evergreen High School

Mt. View Presbyterian Scholarship

\$2,000

Ashley is heading to the University of Washington this fall. While she doesn't have a "for sure" major yet, she is thinking biology or something science related. She really likes helping people so wants to pursue a career where she can do that by working in the medical field. She has been deeply influenced by growing up in White Center. Ashley has seen how the healthcare system is not open to many people of color. Therefore, she wants to bring her diversity and different views into her education. She want to use part of what makes her who she is and her diversity not only for her education but to the healthcare system as well. Her goal is to provide medical care for those that can't have or pay for it.

Ashley loves to volunteer and currently does so at the food bank, the animal shelter, and many different organizations. She is also vice president of her school's honor society.

Ashley will be the first in her family to attend college. "Thank you for giving me this opportunity. It's such a huge gift and I am honored to be able to receive it," shared Ashley. "Winning this scholarship will give me the chance to get closer to my dream; so thank you for giving me the opportunity."

Highline Schools Foundation awards post-secondary scholarships to graduating seniors in Highline Public Schools. Thanks to generous funders, the Foundation is able to offer many different types of scholarships. This year, it is anticipated that over \$200,000 in scholarships will be awarded.
